Jesse Manibusan

Jesse, from California in the United States of America, is considered one of the most exceptional Catholic speakers, songwriters and musician of our times. He has a remarkable way of connecting with the gospel, challenging people and affirming our call as disciples who walk the journey with Christ together... and he's a lot of fun! Jesse has the special gift of being able to engage and reach out to any individual – either one on one at a retreat, or a crowd of 400,000 + people at World Youth Day.

“It’s not about me,” he said. “It’s about God. And it’s not an issue of whether we believe. It’s an issue that God believes. Every time we mess up, God says, ‘Get up. I believe in you. Don’t be afraid to be who you are. Get over it. Know who I am. Look at me and see a reflection of yourself’. This is about God believing in us”.

“ Anyone involved in ministry has to experience Jesse Manibusan. Young people in our schools and parishes need to encounter him. Jesse has mastered the craft of connecting with a crowd no matter what demographic. His content is incredible in itself and offers a great experience to those who come to watch, listen and learn. However, what makes Jesse so brilliant is his presentation and delivery. Jesse has a beautiful way of approaching Catholic spirituality. He simplifies faith while deepening it at the same time. He offers a non-threatening perspective to all who connect with him. A must-have experience for religious educators, leadership teams and young people.
