## ASTHMA INFORMATION

If your child has been diagnosed with Asthma it is important that the school is provided with all the relevant information. We require an ASTHMA PLAN for any child who has been diagnosed with asthma. This will ensure that if your child becomes unwell at school or on an excursion, we are able to render appropriate assistance. It is concerning that a number of unwell children present to the front office, indicating that they suffer from asthma without us having any knowledge of their condition, asthma plan or medication.

Asthma is a significant illness and impacts heavily in the lives of those students who are not managed correctly.

The staff are trained in the use of reliever medication and if we have an up-to-date management plan we will be able to offer your child the best care and support. Please answer the following questions and return to your child's class teacher.

To ensure that we can always offer the best possible care for your child I ask that you answer the following in relation to your child's current asthma status. If you answer yes to any questions, we need to have an asthma management plan. Please ensure that you complete the attached forms in consultation with your medical practitioner and return them to school without delay.

ALL FORMS MUST BE RETURNED TO YOUR CHILD'S CLASS TEACHER

My child \_\_\_\_\_ in class \_\_\_\_\_

Does not have asthma *(please sign and return the form to school)*

Does have asthma *(complete the following questions and return the form to school)*

	YES	NO
1) Does your child have a puffer with them at school at any time?	<input type="checkbox"/>	<input type="checkbox"/>
2) Has your child been hospitalised in the last 12 months for asthma?	<input type="checkbox"/>	<input type="checkbox"/>
3) Have you attached a current Asthma Plan?	<input type="checkbox"/>	<input type="checkbox"/>
