

**Internet and Network Services Agreement  
Our Lady of the Rosary Catholic Primary  
School Waitara 2008**

Parent Agreement

I understand that Our Lady of the Rosary Catholic School provides students with access to computer and network services that may include the internet, intranet, email, bulletin boards, and newsgroups to enhance teaching and learning.

I understand that parent communication to teachers should not be done through electronic mail but through normal printed communication methods that have always been in place. Student communication to teachers via e-mail should only exist on the basis of guidelines sent to the class by the teacher within a stated period.

I agree to my child, \_\_\_\_\_ using the internet and network services at the school for educational purposes in accordance with the acceptable use agreement for students above.

I understand that the school cannot control what is on the internet and that some materials on the internet may be objectionable. I understand that the school will take all reasonable precautions to minimise the risk of exposure to unsuitable material. I understand that the school will not be responsible for any financial obligations my child incurs through use of the network services.

I believe my child understands this responsibility, and I hereby give my permission for him/her to access the internet, obeying the school acceptable use policy. I understand that students breaking this agreement will be subject to appropriate action by the school. This may include the loss of internet and network access for some time, as determined by the principal.
